EDUCATION

Indiana University, Bloomington, IN
Bachelor of Science in Computer Science
Minors: Mathematics, Informatics

May 2023
Cumulative GPA: 3.84

WORK EXPERIENCE

Indiana University, Bloomington, IN
Undergraduate Instructor

C343: Data Structures

Fall 2021, Spring 2022

C211/H211: Introduction to Computer Science

Fall 2020, Fall 2021

- Assisted 45 students with learning core concepts of programming such as recursion, sorting, data structures, etc. by holding office hours and co-instructing a lab session
- Collaborated with colleagues to improve the effectiveness and efficiency of our courses by attending weekly meetings
- Graded labs and assignments in order to give comprehensive feedback to students

Bedloft.com, Bloomington, IN
Management Intern

May 2021 – August 2021

- Supervised teams of workers to ensure all work is completed thoroughly
- Informed supervisor of the progress of my teams' work to allow an adequate planning period for the following day's work
- Collaborated with IU Residential Staff to gain access to required materials and work sites

Indiana University, Bloomington, IN
COVID-19 Testing Site Staff

January 2021 – July 2021

- Assist upwards of 700 patrons daily in completing their COVID-19 test to ensure a trouble-free experience
- Handle completed tests carefully to prevent false positives
- Collaborate with co-workers to improve the efficiency of testing procedures

TECHNICAL SKILLS

Languages: Java, C, Racket

Databases: PostgreSQL

Operating Systems: Microsoft Windows, Linux, Android

PROJECTS

Travel Guide App

November 2021

C323 - Mobile Application Development (Android)

- Utilized SQLite and Room API to store information related to destinations the user has traveled to

- Designed a custom Content Provider to allow other applications to perform CRUD operations on the user's travel logs

Personal Website**January 2021 - May 2021***II01 - Introduction to Informatics*

- Utilized HTML, CSS, and Javascript to create and maintain my website
